

## IV stands

### Chassis

All-welded chromium-plated steel tubes, with four hooks for bags.

### Locking mechanism

The locking mechanism of the height adjustment has an expansive design. The expander tightens around the whole tube, which provides for a soft and effective locking.

### Handle

Adjustable in height, removable. The IV stand is sold with or without a handle.

### Foot

Very sturdy and well balanced 5-leg-foot. Mounts on the rod easily.

### Castors

100 mm castors, very smooth roll.

### Dimensions

Height 133-225 cm  
Foot diameter 66 cm  
Foot height ca 26 cm  
Weight ca 6 kg  
Weight capacity 2.5 kg / hook

### Item

IV stand  
IV stand with handle
